A FILM BY BRETT MORGEN

## SYNOPSIS

Experience the life, art and mind of Kurt Cobain like never before in the first fully-authorized portrait of the generation-defining rock music icon. Director Brett Morgen expertly blends Cobain's personal archive of art, music, and never-before-seen home movies with animation and revelatory interviews from his family and closest confidantes, including his wife Courtney Love. Following Kurt from his earliest years in Aberdeen WA through the height of his fame, the film is a visceral and detailed cinematic insight into an artist at odds with his surroundings.
